U.S. EXPORT SALES

- Outstanding Export Sales
(Unshipped Balances)
on NOVEMBER 20, 1977
- Export Shipments in
Current Marketing Year
- Daily Sales Reported
NOVEMBER 21 - 27, 1977
--As Reported by Exporters

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

EXPORT SALES REPORT

Comments on release of December 1, 1977 (based on reports from exporters for the week ending November 20 unless otherwise noted).

Wheat: Net sales activity (1,302,300 MT) reached a marketing year (MY) high as the USSR and Iran made significant purchases. The USSR again bought only Hard Red Winter while Iran continued to limit purchases to White Wheat. Sizeable switches from unknown to the USSR were also reported. Japan, Taiwan, Korea and several EC countries added to existing balances. Exports (561,600 MT) returned to more normal levels.

Corn: The USSR dominated activity with 650,000 MT of new purchases and switches from other destinations of 886,600 MT. The U.K., Belgium, Spain, Japan and Poland also made significant purchases. Sales to unknown destinations dropped sharply during the week with the USSR, Spain and East Germany named as the final destinations on a majority of the contracts. Daily sales totalling 203,212 MT to unknown destinations for MY 1977/78 were reported. Exports continued moderately heavy.

Oats: Activity was modest as 8,900 MT was added to unknown sales. Total unknown destination sales currently rival known destination sales and are roughly equivalent to 40 percent of this MY's USDA export estimate.

Sorghum: The market was relatively quiet with Japan (51,700 MT) and Israel (57,500 MT) the major customers. The export pace picked up, totalling 107,700 MT.

Rice: Rumors of an active export market were confirmed as net new sales were the heaviest yet during 1977/78. Iran added 46,100 MT to earlier purchases. The USSR purchased an additional 20,000 MT of medium-short grain rice. Sales to the EC registered another increase as the Netherlands and Italy returned to the marketplace. Exports were the heaviest in a number of weeks.

Soybeans: Activity slowed from the pace of recent weeks as modest sales were reported to Japan and Canada. Contract adjustments and destination changes resulted in net reductions in sales to Italy, Indonesia, Mexico and unknown destinations. Exports (511,800 MT) were the lowest in a month, going primarily to the EC and Japan. The first shipment of the MY to Hong Kong was reported.

Soybean Cake and Meal: Net new sales (89,600 MT) were nearly triple the preceding week's low level. Japan and unknown destinations accounted for nearly two-thirds of the total. Nearly two-thirds of the 68,100 MT exported during the week went to the EC. Venezuela took its initial shipment of the MY.

Soybean Oil: Activity was modest. India purchased 6,700 MT. Sales of 13,600 MT previously reported to unknown were switched to the PRC. The initial shipment of the MY to Peru accounted for almost half of the 10,300 MT exported during the week. The initial shipment of the MY (1,000 MT) was also reported to Mainland China.

Cotton: Sales activity improved to the highest level this MY. PRC (30,400 RB), Spain (25,000 RB), Portugal (16,000 RB) and Korea (9,900 RB) added sizeable quantities for MY 1977/78 and Korea continued to add to MY 1978/79 purchases. Exports of 84,200 RB were also the largest this MY with 75 percent going to Asia.

Barley: Showed no significant activity.

SUMMARY OF CURRENT WEEK'S TRANSACTIONS BY REPORTING CATEGORY

For Week Ending November 20, 1977

Data shown above may not add due to rounding. 1/ Includes increases resulting from new sales, upward contract adjustments, shifts in delivery period from one marketing year to another and changes from one commodity to another. 2/ Net foreign purchase activity. A purchase from a foreign seller is a transaction contracting to buy U.S. produced commodity from a firm outside the U.S. -- not involving a cancellation or buy-back of a reported sale. 3/ Includes decreases resulting from buy-backs of all or part of a contract balance by mutual consent, unilateral cancellation by one party which could result in a contract dispute, downward contract adjustments, shifts in delivery period from one marketing year to another, and changes from one commodity to another. 4/ Does not include exports for exporter's own account.
